

FARMVILLE HERALD.
FRIDAY, APRIL 1, 1904.

Paulett & Paulett,
INSURANCE
THAT
INSURES.

That's Sufficient.

Correctness in all details characterizes F. R. Hallam's revival of "Damon and Pythias" which is scheduled to appear at the Opera House on Tuesday night, April 5th. The magnificent scenery which has all been painted especially for the production, is absolutely correct as to architecture and local color, and the costumes are models of the period in which the scenes of the play are laid. The play will be presented by a powerful acting company including Geo. A. D. Johnson, who has played the role of Damon over 1000 times; Frank R. Angus, formerly Thomas Keene's leading man who will be seen as Pythias; Harry D. Clifton as Dionysius, which role he played with Frederick Warde and Louis James Monica Lee, of last season's Maude Adams company, who is the Calanthe, and Mary Holmes, a talented young actress in classic roles who interprets the role of Hermion.

A Cure for Headache.
Any man, woman or child suffering from headache, biliousness or a dull, drowsy feeling should take one or two of DeWitt's Little Blue Pills. These pills are famous because they are a tonic as well as a pill. While they cleanse the system they strengthen and rebuild it by their tonic effect upon the liver and bowels. Sold by the Winston Drug Co.

It's very easy for a girl to marry a man if she doesn't want to.

Testimony of a Minister.
A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was in a awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at White & Co's drug store.

A woman makes an agreement so as to be able to break it if it does not suit her.

DeWitt's Witch Hazel gives instant relief from Burns, cures Cuts, Bruises, Sores, Eczema, Tetter and all abrasions of the skin. In buying Witch Hazel Salve it is only necessary to see that you get the genuine DeWitt's and a cure is certain. There are many cheap counterfeits on the market, all of which are worthless, and quite a few are dangerous, while DeWitt's Witch Hazel Salve is perfectly harmless and cures. Sold by the Winston Drug Co.

It is better for the average girl to imagine even that she can think than that she can sing.

Good For Children.
The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and Laryngitis because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. One minute Cough Cure is pleasant to take and it is good alike for young and old. Sold by the Winston Drug Co.

Maybe the woman who brags to others about her husband thinks if she could make them believe it she could make herself believe it.

A Great Sensation.
There was a big sensation in Leesville, Ind., when W. H. Brown, of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and \$1.00. Guaranteed by White & Co., Druggists. Trial bottles free.

It's curious, but a girl is sent to school to be educated to be supported as a wife and a boy to college to be educated to support her.

Are You a Dyspeptic?
If you are a dyspeptic you owe it to yourself and your friends to get well. Dyspepsia annoys the dyspeptic's friends because his disease sours his disposition as well as his stomach. Kodol Dyspepsia Cure will not only cure dyspepsia, indigestion and sour stomach, but this palatable, reconstructive tonic digests strengthens the whole digestive apparatus, and sweetens the life as well as the stomach. When you take Kodol Dyspepsia Cure the food you eat is enjoyed. It is digested, assimilated and its nutrient properties appropriated by the blood and tissues. Health is the result. Sold by The Winston Drug Co.

It's curious how a girl never will worry at all over being knock-kneed, when she will grieve herself almost to death because her hair won't curl.

Sciatic Rheumatism Cured.
"I have been subject to sciatic rheumatism for years," says E. H. Waldron, of Wilton Junction, Iowa. "My joints were stiff and gave me much pain and discomfort. My joints would crack when I straightened up. I used Chamberlain's Pain Balm and have been thoroughly cured. Have not had a pain or ache from the old trouble for many months. It is certainly a most wonderful liniment." For sale by the Winston Drug Co.

The electric light failed to burn in the Methodist church Sunday night and the congregation worshipped in the Episcopal and Presbyterian churches. There were no services at the Baptist church Sunday night.

The verdict of 18 years in the penitentiary which the jury gave Sam Miller, colored, has been set aside Judge Hundley and a new trial granted. Miller was convicted of entering the house of Capt. S. W. Watkins in the night time.

Judge Hundley summoned before him the Board of Supervisors of the county and requested them to have the courthouse building repaired and put in decent condition. No doubt the Board will attend to this important work at once, for it is badly needed.

The law is rigid against the failure of county treasurers to collect taxes, and makes the penalty suspension or removal from office by the Circuit Court Judge for any dereliction. Our treasurer appeals to all owing taxes to pay before June 1st. See his communication in another column.

The scene showing the grounds of Calanthe's home in F. R. Hallam's great revival of "Damon and Pythias," is said to be one of the most beautiful garden scenes ever painted for the stage. It is a veritable bower of brilliant flowers and foliage and the statuary and fountains heighten the effect. This production will be seen at the Opera House Tuesday night.

The spring openings of Farmville millinery establishments have all taken place, and though the days were bleak and dreary the charming hats bedecked in flowers and tastily arranged made summer seem near at hand. Farmville never had more beautiful displays of millinery than have been shown here during the past few days.

President Jarman has been spending some days in Richmond this week in conference with other educators of the State. The object of the meeting was to promote the general good of the schools, and among other practical things arrived at are 9 month school terms, to bring the high school within reach of every child, adequate Normal School education, more efficient school supervision, the addition of agricultural and industrial education, a library in every school, &c., &c. These are modest reforms and can be secured.

Classic plays do not as a rule appeal very forcibly except to close students of the drama as they are often too deep for the average playgoer's comprehension. An exception to the rule is that grand old play, "Damon and Pythias" which tells a story of such thrilling human interest in such a plain straightforward manner that the heart of the auditor and its interest increases as act succeeds act, the final scene being one of the most intensely dramatic imaginable. F. R. Hallam's great revival of "Damon and Pythias" with its wealth of magnificent scenery, costumes and splendid acting company will be presented at the Opera House

on next Tuesday night.

Five bankers have recently suicided in the State of Iowa. The Farmville contingent never looked better and were never more in love with life.

We are glad that eggs are not so high that the owners can't afford not to set some of them. We love fried chicken in the spring and fat pullets in the fall.

The Herald has before asked and now repeats the question, what has become of our gooseberry and currant bushes? There was a time when all our gardens were supplied with them and now they are rarely seen.

If it happens to be cloudy and rainy next Sunday save the Easter bonnet for the next Sunday, and it will be just as new and pretty as it would have been on Easter Sunday proper. But we do not say that it is going to be even cloudy on next Sunday.

Report has gone forth from Newport News to the effect that the labor unions of that city are opposed to the militia organizations of the State. If this is true then somebody has lost their head and gone wild. The Farmville Guard is the most valuable institution in Farmville. The same is true of all other towns and cities of the State.

Whether nations will ever arbitrate their differences or not it is certain that the individual men of this section of Virginia have learned how. Litigation is very high a thing of the past and we may after a time learn to dispense with all courts. And when that has been done may we not get rid of jails, policemen and detectives?

Liquid Air Explained.
Prof. Hunter, of the Richmond College, addressed a large audience in the Opera House Saturday night, on the subject of "Liquid Air," and gave a number of most interesting experiments with this most wonderful of modern scientific discoveries. Prof. Hunter was advertised to appear on Friday evening, but the liquid air, shipped from New York, failed to arrive on time, and the experiments had to be postponed to the night following. He first told of the discovery of liquid air, how it was with great difficulty made, and that after all it had remained for an American, Chas. E. Tripler, of New York, to accomplish what all other foreign scientists had failed to in their endeavors, that is to obtain it in any considerable quantity. He made the air do various things, such as freezing mercury, turning cranberries into marbles, boiling water in a kettle on a block of ice, &c. With all the wonderful experiments which have been made with liquid air it has never yet been turned to any practical use, except in minor cases of surgery where it has been employed to chill the body to deaden pain. Prof. Hunter is a very interesting speaker and everyone who heard him Saturday is grateful for the privilege.

Last Tuesday, while playing with a small rifle near the Normal School, Bessie Kearney accidentally shot John Cox. Both are little boys, one the son of Dr. W. A. Kearney, and the other a son of Mr. B. M. Cox. The ball penetrated the fleshy part of the leg, and we are glad to know that the wound is not a serious one. Both boys were greatly frightened at the happening and it may be a long time before either handles another firearm.

The readers of this paper will be pleased to learn that there is at least one remedial disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietor has no money faith in its curative powers, that they offer on Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Farmville Guard Inspected.
Captain Johnson, of the 15th Cavalry U. S. Army, arrived here Tuesday morning for the purpose of inspecting the Farmville Guard.

During the afternoon Captain Johnson, who is a most affable and courteous gentleman, spent some time inspecting the Guard's armory and the accoutrements and he expressed much gratification at their condition. At night the company was given a most rigid inspection, and Captain Johnson was again complimentary saying Farmville had a much better company than he had expected to find. There were 45 men in line out of a total of 55.

A Thoughtful Man.
M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble. Physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at White & Co's Drug Store.

A lazy liver makes a lazy man. Burdock Blood Bitters is the natural, never failing remedy for a lazy liver.

Delightful Concert.
A very delightful concert was given by the Glee Club of the Normal School on Tuesday night. There were about thirty-five voices blending in sweet harmony to the intense pleasure of the audience. The concert was spoken of by many as the best that had been held in Farmville. The programme was as follows:

On, Skylark, for Thy Wing.—Smart.—Glee Club.
Boat.—Moskowski.—Miss Berkeley and Miss Mason.
Ching-a-Ring-a-Ring.—Molloy.—Double Quartette.
Spinning Song.—Youferoff. Shepherds All and Maidens Fair.—Nevin.—Miss Allen Andrews.
Little Shaking Quakers.—Bristol.—Misses Byerly, Jones, Etheridge, Duncan, Walton, Morris, Crute, Ingram, Nicholson.
Dinah Doe.—Molloy-Edes.—Glee Club.
Spanish Dances.—Moskowski.—Misses Andrews.
Unison Chorus: Rocked in the Cradle of the Deep.—Knight. Out on the Deep.—Lohr.—Glee Club.
Friska and Cadenza, from Rhapsodie Hongroise No. 2.—Liszt.—Miss Maud Mason.
The Broken Pitcher.—Pontet-Edwards.—Double Quartette.
Selection for Mandolin and Guitar.—Mr. Jones and Mr. Mattoon.
Dear Cupid, What Troubles the Men?—Glee Club.
Among the list of excellent numbers the duets by Misses Lulu and Allen Andrews, Berkeley and Mason, also the solos by Misses Allen Andrews and Maud Mason deserve special praise. Messrs. Jones and Mattoon rendered lively selections on mandolin and guitar, also a very valuable encore entitled "Mama Pinned a Rose on Me." The latter seemed to strike a responsive chord among the audience. The stage was beautifully and harmoniously decorated with potted plants and a profusion of banners, representing a large number of prominent colleges.

An Outrage.
We know of some instances where teachers in our public schools who are unfortunate enough to be sick are required to furnish substitutes at a cost double their regular salaries. This is outrageously wrong. Let the pay of the poorly paid and faithful workers go on and let the State pay the substitutes. Mother Virginia is not cruel, and her representatives should not make her so.

Lecture Postponed.
The stereopticon lecture, "The Sun and Other Suns," which was to have been given at the Opera House last night, has been postponed to Thursday night, April 7th. Prof. Stone, of the University of Virginia, telegraphed Dr. Smith on last Tuesday that he was unavoidably detained from filling the engagement last night. The lecture by Prof. Stone next Thursday night is one of the series of public entertainments arranged for by Dr. Smith, and the attendance upon which costs no one. It is hoped that the appearance of Prof. Stone will be greeted by a large attendance of our people.

Nothing Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy for Bowel Complaints in Children.
"We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in our family for years," says Mrs. J. B. Cooke, of Nederland, Texas. "We have given it to all our children. We have used other medicines for the same purpose, but never found anything to equal Chamberlain's. If you will use it as directed it will always cure." For sale by the Winston Drug Co.

Resolutions.
Whereas it has pleased Almighty God, the Grand Exalted Ruler of the Universe, in the exercise of his divine wisdom and mercy, to remove from our midst, by sudden death, brother R. Duval;
Whereas it is deemed appropriate that some expressions of the Lynchburg Lodge No. 321 B. P. O. E., of which brother Duval was a worthy member, should be preserved in permanent form upon the minute book of the Lodge;
Now therefore, be it resolved,
1st. That in the death of R. J. Duval, Lynchburg Lodge No. 321 B. P. O. E., has lost a worthy and reliable member who commanded the respect and regard of the entire Lodge.
2nd. That his death is a source of sincere sorrow and regret to every member of the Lodge.
3rd. That the Lodge tenders to the family of brother Duval their deepest sympathy in this hour of their grief.
4th. That a copy of these resolutions be spread upon the minutes of the Lodge; a copy be sent to the Farmville Herald with the request that it publish the same.

FRED HARPER, LEO GOODMAN, W. M. DOYLE, Committee.

Snow fell fast here yesterday though it did not remain on the ground between the rains and snow. We are very sorry that the rainy weather prevented the reorganizing of the Olive Branch Sunday School last Sunday, but we hope to have a good at-

tendance next Sunday.

Mr. Leslie Morris, of Appomattox county, was in the neighborhood on Sunday.

Miss Carrie Binford visited her sister, Mrs. J. D. Carter Monday.

Jessie Taylor, from the Orphan's Home, of Chattanooga, has come to live with Mr. Geo. Hunt.

Mr. and Mrs. J. D. Moore were in Farmville on Saturday last.

Mrs. Fred Hunt, of Jacksonville, Fla., was expected in the neighborhood last Saturday. We hope that she did not disappoint her many friends who are all impatient to see her again.

Miss Mollie Binford is visiting in the neighborhood of Adele and Darlington Heights this week.

Mr. Geo. Hunt is recovering from a second attack of rheumatism.

To the Tax Payers of Prince Edward.
Under the laws now in force the treasurers of the several counties are required to settle their accounts with the Commonwealth on the 15th of June, and to settle with the Board of Supervisors in July of each year.

Extracts from chap. 1130 as amended by acts of 1892-3-4, read as follows: "That the Auditor of Public Accounts shall annually, on the 15th of August, report to the Circuit Judge and Commonwealth's Attorney of each county and city of the State whether the treasurers of said counties and cities have settled for by them to the Commonwealth."

"If it shall appear that any treasurer as aforesaid has failed or refused to settle for or pay over any funds due by him to the Commonwealth, then the said Court shall suspend such treasurer until he shall make payment in full of the funds due by him to the Commonwealth."

"See 5. The treasurers of the several counties of this State, shall, on the 1st day of October of each year, exhibit to said Judge and Commonwealth Attorney the CASH to balance their accounts with the county levy and county school fund."

"If any treasurer fails to produce said CASH to balance his account then the said Court, shall, after service of rule as prescribed in sec. 3 of this act, suspend said treasurer and appoint some competent person to discharge his duties."

I appeal to those of the good people of Prince Edward who have not paid their taxes to do me the special favor, by paying up as speedily as possible and certainly not later than the 1st day of June, in order that I may make my settlement in time, and have the cash in hand to exhibit to the Court. If I fail to get the taxes in time I will be unable to comply with the law, and will be liable to suspension from office. There is no alternative, my deputies and myself are powerless to hold tax tickets or grant indulgences.

Yours Very Respectfully,
W. H. EWING,
Treasurer.

Best Cough Medicine For Children.
When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough if it is given. It has been used in many epidemics of that disease with perfect success. For sale by the Winston Drug Co.

But for the frames some pictures wouldn't be in it.

"I have used Chamberlain's Stomach and Liver Tablets with most satisfactory results," says Mrs. F. L. Phelps, Houston, Texas. For indigestion, biliousness and constipation, these tablets are most excellent. Sold by the Winston Drug Co.

CAN'T BE SEPARATED.
Some Farmville People Learned how to Get Rid of Both.

Backache and kidney ache are twin brothers. You can't separate them. And you can't get rid of the backache until you cure the kidney ache. If the kidneys are well and strong the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong healthy kidneys.

A. D. Jenkins, who has resided in Farmville for twenty-five years, and is a blacksmith by occupation place of address on Main Street says: "When I come across anything which is good I like to let others know about it. I suffered for some time with a dull aching pain in the small of my back and was suffering at the time I went to H. C. Crute's drug store and got Doan's Kidney Pills. They went right to the spot and it was only a short time before my backache was a thing of the past. I recommend all backache sufferers to give Doan's Kidney Pills a trial and they will never regret it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's and take no substitute.
